Experiment Station

Rent Control, Why?

Paragraph

It appears to be the solid consensus of opinion among our office girls that men have bigger ears than women do. But the men's opinion is equally solid on the proposition that, whatever their size, it's the women's ears which hear the most.

The University of Arkansas' Fruit & Truck Branch Experiment Station here will hold its annual Study day Friday, June 30, for whites, and Saturday, July 1, for negroes. In these changing times for agriculture the local Experiment Station takes on new importance, and I imagine the 1950 Study day program will attract larger than normal attendance.

Problems of land use are becoming steadily more critical as the traditional cotton economy slips away from us.

Introduction of substitute crops, and livestock, calls for new study, learning, and skill. It's then that we start thinking about the Experiment Station and the research laboratories at the university, with which it is connected.

I note from yesterday's announcement of the Study day program June 30-July 1 that there will be an exhibit of 15 new varieties of peaches, a discussion of irrigation, and an explanation of new developments in the production of small fruits and vegetables.

These are subjects calculated to catch the interest of farmers whose cotton allotments have been reduced — and they will be followed almost as closely by townsmen, for ours still is an agricultural trade area, and the technical researchers on farm problems are writing a single ticket for all of us.

Yesterday's dispatches reported passage of a federal rent control bill that is different from the senate version — so the bill goes back to the upper chamber, where there is a chance it may be talked to death.

I hope so.

There is just as much sense in fixing house rent by federal law during peace times as there would be in fixing wages, the price of clothes, or groceries.

People in the big cities want rent control, you say? Of course they do. Who really wants to pay rent — any rent?

But a lot of people want a million dollars, too. Why not let 'em vote on whether they'll get it?

The failure to kill off federal rent control completely and promptly — although the war is five years gone — is the greatest indictment imaginable, of the bureaucrats' thirst for power.

Keeping up such bureaus, with their directors, their army of clerks, their traveling expenses, and their free mailing privileges, is one of the reasons why we can't get the cost of federal government down from the high peg on which it was hung during the emergency of war.

Busy Week for Nevada Packing Shed

Farmers kept the Nevada County Paving Shed busy all last week with beans, potatoes, cabbage, and cucumbers.

Much of the time, all three processing lines for the beans, cabbage, and potatoes were operating simultaneously. Shipments from the shed have gone to Nebraska, Missouri, Kansas and various sections in Arkansas.

Mr. McClure, buyer for the local shed, called attention to the fact that for the second straight year, he was operating a commission free market in Prescott due to the fact that civic minded citizens of the county had furnished money to take care of the overhead expense of the shed.

Many believe the Shed will process more than the \$70,000 crop of 1949. This is an indication of the rapid strides being made by the produce industry, making for a more diversified economy for this area.

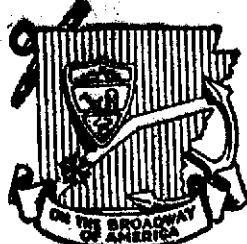

Relative of Hope Residents Dies in Texarkana

Mrs. J. S. Ragland of Texarkana died Wednesday, June 14th, 1950. She is survived by three sisters; Mrs. C. C. Spragins of Hope, Mrs. R. J. Kennedy of Whitesboro, Tex. and Mrs. Nal Williams of Little Rock.

She is survived by a number of nieces and nephews, one of whom is Mrs. B. C. Hyatt of Hope. Funeral arrangements are incomplete.

WEATHER FORECAST

U.S. Officials Cleared in Amerasia Probe

Foreigners in U. S. Employ May Be Fired

Washington, June 15 — (AP)—State department officials today promised careful study of a recommendation that the agency fire all the aliens it employs abroad and hire Americans instead for security reasons.

The recommendation came from Senators Green (D-Ri) and Lodge (R-Mass), who traveled to Europe last month to survey the department's security set-up overseas.

They said last night in a report to the senate:

"Aliens are the most likely means of foreign penetration and the effort to penetrate our security abroad is constantly growing."

The low pay the aliens in American employ receive "makes them a prey to bribery and pressure," the report added.

Green and Lodge went abroad as a special panel of the senate foreign relations subcommittee which is investigating charges by Senator McCarthy (R-Wis) that Communists and fellow travelers have infiltrated the state department.

They took testimony from department officials in Paris, Frankfurt, Washington and New York.

"There was unanimous agreement among all the witnesses that all aliens now employed in American embassies, consulates and legations abroad should be replaced as rapidly as possible by Americans," the senators said.

They also recommended that "for security reasons it is desirable that the United States should own rather than lease its buildings abroad." That should be done, they said, "so that special construction can be undertaken to provide a high degree of security for such sensitive areas as the code and cryptographic rooms."

State department officials told a reporter the Green-Lodge recommendations will get very careful consideration. The general feeling, however, was that congress would have to provide the department with more money if the program is to be carried out.

Boll Weevil on Way Out Says Lincoln

Little Rock, June 15 — (AP)—There's been a big conference in Arkansas' boll weevil population recently, but an expert thinks infestation will start declining.

Dr. Charles Lincoln, extension entomologist with the agricultural extension service, said the peak of emergence of the weevils is now over and the new crop will not be sufficient to replace those that die.

The weevils which have been coming out were those which went into hibernation last fall—the second largest number on record.

Dr. Lincoln predicted "a decreasing infestation and a clean break between overwintered (hibernated) and first brood weevils."

Graduates Asked to Fill Out Survey Forms

The guidance department of the Hope High school is conducting a questionnaire survey of graduates for the past four years. The cooperation of those involved is solicited in order to carry the survey out with as complete results as possible.

These forms will be mailed within the next few days. If one comes to your home for someone who has moved away and you know the present address, please forward.

It is believed that not only the school but the community at large will profit from this survey which attempts to evaluate the extent to which our school contributes to the life of the graduate in the community.

Yerger Band Mothers to Meet Tonight

The Yerger Band Mothers Club will meet tonight at 7:30 at the school auditorium. The president is inviting all members and all those who are interested in becoming members. Please be present on time, as there are several matters of great importance to be discussed.

Tragedy Sweeps Family and Mountain Home

Oakland, Md., June 15 — (AP)—There was cheer aplenty in the little mountain cabin of Homer Ash. The waiting was just about over. Mrs. Ash was ready to go to the hospital to have her sixth child.

There was the usual joking and speculation as to whether it would be a boy or a girl among the Ash family and Ash's sister, Mrs. merson Knox, and her 12-year-old daughter Wanda Lee, who had come over to help with the wash.

Then As Mrs. Knox prepared to start the gasoline-powered washing machine, a terrific explosion enveloped the group.

The children screamed, choked with pain and fright, Ash, knocked to the floor by the blast, saw gasoline-fed flames spreading over the floor and up the walls.

Though badly burned, he managed to half-drag, half-carry his wife, his sister and the children from the blazing room.

Five-year-old Tommy was dead. So was two-year-old Peggy. And Wanda Lee.

His wife, ready for childbirth, was severely burned. His sister moaned in her scorched clothing. Somehow, he got out the car and headed them for the hospital as the flames consumed the house.

His child arrived a few minutes after they checked in. It was dead. Last night, after long, agonizing hours, Mrs. Ash died.

County Loses Population

The census for Hempstead county taken as of April 1, 1950 is 25,045, Forrest E. Duncan, census supervisor announced today from the District office in El Dodado.

This figure is believed to be substantially correct but is subject to revision after returns of non-residents are credited to their proper locality.

The official announcement of population will be made at a later date by the Director, Census Bureau, Washington, D. C.

This figure represents a loss of 7,725 persons in 10 years. The 1940 census for Hempstead was 32,770. This is compared to 30,847 in 1930 and 31,602 in 1920.

Small Break in Milk Strike

Pittsburgh, June 15 — (AP)—An agreement reached with one small firm today provided the only break thus far in the week-old strike of 3,200 dairy workers in Pittsburgh and six western Pennsylvania counties.

There were no signs of an industry-wide peace as consumers continued either to drive to farms to buy their milk or go without.

A hastily-organized band of housewives — led by Mrs. Nelson Bennett, mother of two — demanded the walkout be ended. Both union and company officials agreed to give the women a hearing before resuming bargaining negotiations.

Meanwhile, in the nation's capital settlement of the six-day-old Washington milk strike hinged on the question of whether dairies should shut down on Sundays.

The striking union members are seeking a 40-hour week rather than 48-hour work week with no cut in take home pay. The nine struck dairies agreed to shorter hours but insisted the milk plants be closed on Sundays.

The union balked on the grounds the Sunday layoff would call for delivery of a three-day supply of milk which might result in a loss of customers.

On the Pittsburgh strike front a two-hour negotiating session broke up without agreement last night and another was set for today 9 a. m., CST.

The union didn't comment but an industry spokesman said: "We don't seem to be near agreement at all."

Harry A. Tevis, president of AFL Local 205, Milk and Ice Cream Salesmen and Dairy Employees, said he has signed a contract with the D. and M. dairy. Alfred Rombach, co-owner with Steve Davaty, said the plant — employing 10 workers — would start processing milk "sometime this morning."

Johnny Brannan Is Featured in June Hereford Issue

Johnny Brannan, son of Mr. and Mrs. A. D. Brannan of Hope, is featured with a story and picture in the June 1 issue of the American Hereford Journal. Young Brannan was top student Hereford judge at the college livestock judging contest held recently at Oklahoma A. & M., Stillwater, Okla. Sponsored by the A. & M. Block & Bridle club, the contest was entered by 130 students.

Johnny also won top judging honors in the Angus contest although this fact was naturally omitted by the magazine devoted to the Hereford breed.

The custom of throwing shoes at weddings originated because shoes were once regarded as a symbol of wealth and power, since ancient methods of tanning made leather too expensive for any but the nobility.

Sutton to Move Auction Barns to Site on 67

Work started this week on new barns, sale arena and stock pens for the Sutton Livestock Commission's new home west on Highway 67 near Hope City Limits adjoining the Farmer's Produce Market. It was announced today by Claud Sutton, owner and operator of the establishment.

The main building of the establishment will be 15 by 20 feet. The arena will be one of the largest in this section.

The weekly Tuesday livestock auction started by the establishment many years ago is one of the oldest and best sales in this section of Arkansas and attracted hundreds of buyers and sellers from the surrounding territory.

Completion of the new building will take about 60 days. Some sections of the old site are already in process of being torn down.

Mr. Sutton has planned to move to his establishment for many years. He has previously indicated that the site on South Laurel Street, only three blocks from the Hope business district, has been a handicap to the Commission and to residents of the area.

The new site will cover some 72 acres and is on Highway 67 and the Main line of the Missouri Pacific Railway.

County Loses Population

The census for Hempstead county taken as of April 1, 1950 is 25,045, Forrest E. Duncan, census supervisor announced today from the District office in El Dodado.

This figure is believed to be substantially correct but is subject to revision after returns of non-residents are credited to their proper locality.

Medical Group Plans Campaign in Newspapers

Camden, June 15 — (AP)—The Arkansas medical society plans a newspaper advertising campaign in support of its opposition to "socialized" medicine.

The proposed program, which calls for advertisements in the state's newspapers, was announced at its annual spring convention here yesterday.

The convention continued today with the first of a series of visits to south Arkansas industries. The association's annual banquet will be held at El Dorado Friday night.

Escape Artist Still Sought by 4 Nations

Munich, Germany, June 15 (UP)—Police of four nations hunted today for Oklahoma badman Homer Cook after a 36-hour search with bloodhounds failed to pick up his trail in Bavaria.

Swiss, Austrian and French police as well as authorities throughout Germany were alerted to be on the lookout for the 27-year-old former GI, who disappeared after breaking jail Tuesday night for the third time in two months.

To be on the safe side German police threw a 24-hour guard around Anna Sporer, 21-year-old Bavarian waitress who proclaimed she still loved Cook and was waiting to welcome him with open arms.

It was for Anna's love that Cook returned to Germany illegally last February after being dishonorably discharged from the U. S. army.

Poses with dogs searched throughout the night without success. By mid-morning German police said they believed Cook had eluded them and "possibly fled the country by now."

A report that Cook had been spotted in the heart of Munich sent heavily armed possemen swarming through the region. They closed in warily on a building where they believed Cook was trapped.

American and German police men finally pounced on a man who looked like Cook, hauled him out of a pile of rubble, and satisfied themselves that he was not the former GI. They turned him loose.

All radio stations in the American zone broadcast warnings to German residents that Cook was dangerous and possibly a r. m. d. German farmers were warned that Cook might attack them for food, shelter and clothing.

"This man is dangerous," the official warning said. "He may make some desperate move for food and clothing."

There was no indication that the 6 foot, one inch, 200-pound Cook proclaimed public enemy No. 1 of the American Occupation zone, had succeeded in obtaining additional clothing to supplement the half-clad condition in which he fled Dachau prison Tuesday night.

Making his third prison break in two months, Cook wore only thin cotton trousers and an undershirt. He lost one shoe while scaling three walls outside the prison after ripping a bar from the prison library window while his guard looked for a relief man.

Suggests Raise for Railmen

Washington, June 15 (AP)—A Presidential board today recommended a 40-hour week and an 18-cent hourly pay increase for about 75,000 railroad yard service employees. It recommended denial of ways boosts for about 125,000 trainmen and conductors.

The emergency board filed its report with President Truman. Such recommendations usually are the basis for settling rail labor disputes.

The railroads and two unions involved — the Brotherhood of Railroad Trainmen and Order of Railroad Conductors — now have 30 days in which to negotiate under the railway labor act before the unions could take strike action.

The board recommended that the 40-hour week and 18-cent hourly wage boost for yard service employees, represented by the two unions, become effective next Oct. 1. These workers now have a 48-hour work week.

The unions had asked for the same pay for a 40-hour week as they had received for the 48-hour week. In denying this demand, the board said:

"The higher rates (with the 18 cent hourly increase), together with added opportunities for overtime work at time and one-half after 40 hours, would serve to offset any substantial reduction in take-home pay occasioned by the shorter weekly hours."

The board estimated that the increased cost to the railroads of the recommendations for the yard service employees would be about \$400,000 a year.

100 Couples Represent 5000 Years of Marriage

Rogers, June 15 — (AP)—More than 100 couples representing a total of more than 5,000 years of married life, will be guests at the wedding of a Missouri couple here today.

The occasion is the second annual Ozark golden wedding jubilee. A total of 125 couples, who have been married more than 50 years have registered for the event. At 1:30, they are to reaffirm their marriage vows at a ceremony conducted by the Rev. J. H. Martin, 85, Muskogee, Okla., who has been married 60 years.

Following a parade to Rogers' lakeside park, they will be guests at the wedding of Miss Florence Clifford, Independence, Mo., and Bob Hawley of Kansas City.

40 Feared Lost in 2nd French Plane Disaster

Peru Regime Halts Revolt, But 40 Die

Bahrein Island, Persian Gulf, June 15 — (AP)—A big Air France plane crashed in the Persian gulf last night, and 39 of the 51 persons it carried are feared dead. The craft plunged into the gulf at almost the same spot where another Air France plane crashed two days ago with a loss of 40 lives.

Officials said 12 persons had been rescued by early afternoon, including four of the crew of eight. Twelve infants were reported to have been aboard the plane. Only one is known to have been saved.

This plane and the sister C-54 Skymaster which crashed two days ago were enroute from Indochina to Paris. Officials have not discarded the possibility of sabotage by adherents of the Indochinese Communists who are fighting the French.

Air France officials in Paris said the plane carried 43 passengers and eight crew members. The officials said the search of the area was continuing with more than 100 small fishing boats scouring the area.

American and British air force planes based in the gulf area joined the search, sweeping low over the area but a low ceiling hampered their efforts. High winds and choppy waters made it unlikely that life rafts from the plane could stay afloat for long.

The survivors all were reported to be French citizens.

The four-engined Air France C-54 Skymaster, bound from Saigon, Indochina, to Paris, crashed only a half-mile from the point where 40 persons were lost in the ditching two days ago of a sister ship flying from Indochina.

(In Paris an Air France spokesman said nothing known there indicated either plane might have been sabotaged by Communist-led rebels in Indochina but that such a possibility would be investigated by an inquiry committee already at Bahrein.)

(The spokesman said from information from Paris, bad weather seemed to have been the probable cause of the crashes but that no official statement would be made until after a lengthy inquiry by the committee.)

(He added that special security precautions are taken for all flights from Indochina to guard against the possibility of sabotage.)

(Air France said in Paris a dispatch from Karachi, Pakistan, the plane's last stop before last night's crash, reported that 43 passengers and eight crewmen were aboard the ship. First reports in Paris had said 45 persons were aboard.)

Those rescued today included five crew members.

The circumstances of both crashes were similar. Both planes went down as they were preparing to land at Bahrein, 20 miles off Saudi Arabia's east coast. Each sent a last message announcing preparations to land, then was heard from no more.

Bad weather conditions prevailed on both occasions in this area of sudden, strong storms.

Tugs of the British-owned Bahrein Petroleum company and local launches today were scouring the crash area for more survivors. A U. S. air force rescue plane also aided in the search.

10 Days Will Finish Hope, Nashville Road

Highway No. 4, from Hope to Nashville is rapidly nearing completion and will probably be open to all traffic within 10 days, it was learned from a reliable source today.

The entire stretch is "laid and rolled" and will probably be for about a week to 10 days. Then contractors will put down the "pea gravel" which will complete it except for a little shoulder shaping.

Although the Highway is not officially open light traffic is not being turned back.

Bill Gunter Hurls Junior Over Texarkana

Bill Gunter hurled a 3-hitter yesterday to turn back the Texarkana Junior American Legion team 5-2 on the latter's home field.

Hope gathered 8 hits including a triple by Beasley in the 7th with two mates on. Sutton, Compton and Beasley led Hope batters with two hits each.

Minor Fire

A barrel of solvent caught fire at Fox Tire Shop about 7:45 a. m. today but damage was confined to a few tubes, although the solvent is highly inflammable. City Fire Department extinguished the blaze.

Peru Regime Halts Revolt, But 40 Die

Lima Peru, June 15 (AP)—At least 40 persons were believed today to have been killed in a two-day revolt during which rebels captured most of the city of Arequipa. The government announced that it had put down the revolt.

The government blamed Communist-led rebels for the uprising.

Arequipa, with a population of 93,000, is Peru's second largest city. The rebels at one time held the city hall, military headquarters, the airport, a radio station and other buildings.

No official figure on casualties were announced, but they were many wounded in addition to the 40 estimated dead.

Loyal troops crushed the revolt as soon as they reached the city. The government announced that the revolt began, was lifted this morning.

While the rebels held control of Arequipa they announced by radio that "many places in our country have revolted against the government." But authorities here said the uprising was confined to Arequipa and that quiet prevailed in the rest of the country.

Many persons were reported to be arrested both in Arequipa and here. Loyal troops held control, the government said, the task of restoring the normal is under way.

A government communiqué said that the rebels had been defeated by the army and that the Communist movement in Arequipa had been restored to normal.

(In New York exiled former president Jose Luis Bustamante posed in 1948 by the military government now ruling Peru, the Communist charge against the rebels was "grotesque." The revolt, he said, was "a counter-revolution of the people.")

The revolt was led by Francisco J. Mostajo, an opponent of the military cabinet, another communist said. Mostajo's opposition campaign for vice president in the elections scheduled July 2 was rejected by the national electoral board last Sunday.

A rebel broadcast said the revolt flared up after a clash between striking university students and the police Tuesday in which two students were killed and number hurt.

Indicating a large number of persons had been wounded, another broadcast from Arequipa called for volunteer doctors and nurses to come to the hospital and help the injured.

Farm Tour Planned Here Friday

A short tour of two farms will be made Friday, for the purpose of explaining and studying the Housing Program, land grant livestock production and farm development.

This tour will be conducted by the Farmers Home Administration assisted by the Veterans Administration and other agricultural agencies, Chamber of Commerce and civic organizations.

The party will leave the courthouse at 9 o'clock and will go to the farm of Vernon Avery, near DeAnn at 9:45. The purpose of the stop at Mr. Avery's farm is to observe good rural home development.

Recent Rural Housing program in operation in Hempstead for a year and Mr. Avery is the first farmer to take advantage of the Rural Housing program.

The next and last stop will be the farm of Mr. J. E. DeAnn. His farm will observe good rural home improvement and pasture development. After the tour, the party will return about 12 to 12:30. Everyone is urged and invited to participate in this field trip.

DeAnn Benefits

The DeAnn Lumber Co. is a benefit program for the community. It was established in 1948 and has been successful in providing for the needs of the community.

New Assistant Dean Named at Magnolia A&M

Magnolia, June 15 —(AP)—Robert Kibbee, 28, a member of the Arkansas commission on higher education, will become

assistant dean of Magnolia A. and M. college in November. His appointment was announced yesterday by Dr. C. S. Wilkins, president of the college.

Kibbee is a son of motion picture actor Guy Kibbee. He will report to Magnolia following completion of the survey of higher education in Arkansas being

Methodists to Shelve Pension Plan

North Little Rock, June 15 —(AP)—The North Arkansas conference of the Methodist church today voted to shelve for a year a proposed \$400,000 pension plan for its ministers.

The conference, which opened its 115th annual meeting here yesterday, also indicated it will give "full and hearty cooperation to the Arkansas temperance league in the campaign to make Arkansas dry" this summer.

On the pension issue, the Rev. Raymond Franks of Batesville, secretary-treasurer of the board of conference claimants, submitted

made by the state-sponsored commission. Kibbee came to Arkansas as assistant to Dr. Norman Burns of the University of Chicago, who is technical director of the survey. He has a master's degree in education, and is working on a doctor's degree.

Under the proposal, Methodist churches in the North Arkansas conference would contribute the \$400,000 for a permanent pension fund. The Rev. Cecil Culver, district superintendent of the Fort Smith district who was recently appointed to the pastorate of the Winfield Memorial church, brought the wet-dry issue before today's meeting.

Mr. Culver recommended that "full and hearty cooperation with the Arkansas temperance league in a campaign to make Arkansas dry."

The conference was expected to "go further" into this question later today.

Mr. Culver said also that the conference has received a total of 7,261 new members during the past conference year.

The conference reported that it has contributed \$12,776 to the world service cause during the past year. "This amount," said the report, "is \$4,454 above the amount which had been asked by the conference." The conference will continue through Sunday.

FBI Arrests Man

Hot Springs, June 15 (AP)—Sheriff's deputies and FBI agents yesterday arrested a man wanted in connection with a shooting at Fort Wayne, Ind.

Scott S. Alden, FBI agent in charge at Little Rock, identified the prisoner as Frank Stokes, 31. He said Stokes was accused of firing nine times at two men in a man was struck in the thigh. Stokes was docketed on a federal charge of fleeing across a

the recommendation to shelve the big plan for a year by referring it to the conference's committee on world service and finance for study.

Under the proposal, Methodist churches in the North Arkansas conference would contribute the \$400,000 for a permanent pension fund.

The Rev. Cecil Culver, district superintendent of the Fort Smith district who was recently appointed to the pastorate of the Winfield Memorial church, brought the wet-dry issue before today's meeting.

Mr. Culver recommended that "full and hearty cooperation with the Arkansas temperance league in a campaign to make Arkansas dry."

The conference was expected to "go further" into this question later today.

Lodge Wins Connecticut Nomination

New Haven, Conn., June 15 —(AP)—U. S. Rep. John Davis Lodge, scion of an old political family, today won the Republican nomination for governor on the first ballot.

The 46-year-old, brother of U. S. Senator Henry Cabot Lodge, Jr. (R-Mass.) and a grandson of the late Senator Henry Cabot Lodge, won the top post on the state ticket from four rivals.

Lodge, whose prospective opponent in the November elections is Gov. Chester Bowles, received 358 votes. Needed for nomination was 310 votes.

In addition to a gubernatorial candidate, the convention will make nominations for two seats in the U. S. senate, a U. S. representative-at-large and state offices.

Former Congressman Joseph E. Talbot and Prescott Bush, a banker, were regarded as the likely choices for the two senatorial nominations. Talbot is expected to be nominated for a six-year term in opposition to Senator Brien McMahon (D), and Bush for the remaining two years in the seat now held by Senator William Benton (D), an interim appointee.

Knowland, in his keynote address, called for a stiffening of America's stand against Soviet Russia and communism in Asia.

He called for resistance to Soviet pressure for admission of Communist China to the United Nations. If that happened, he declared, "every Chinese embassy and consulate in this and other western nations will become centers of Communist espionage and fifth-column activity."

RECIPE OF THE WEEK

By Mary Lee Taylor

Braised Veal Patties

Broadcast: June 17, 1950

1 lb. ground veal 1/2 teaspoon pepper
1 1/2 cups Fat Milk 2 tablespoons hot shortening
1/2 cup soft bread crumbs 1/4 cup condensed cream of chicken (2 days old)
2 tablespoons chopped parsley 1/2 cup water
1 teaspoon salt

Mix veal, 1/2 cup milk, bread crumbs, parsley, salt and pepper. Shape in 8 flat patties. Brown slowly on both sides in hot shortening. Mix remaining 1/2 cup milk with soup and water. Pour around patties in skillet. Cook, uncovered, over very low heat 20 min. Turn patties several times while cooking. Makes 4 servings.

You will need:
Pet Milk, Ground Veal, Cream of Chicken Soup, Bread Crumbs, Parsley and Shortening.

SOCIETY

Phone 1268 or 1269 Between 8 A. M. and 4 P. M.

Wednesday, June 14
A playlet "For as Church Mice" will be presented Wednesday night at the First Baptist church by the Dramatic class of the Intermediate Department of Vacation Bible School.

Thursday, June 15
Chapter 328, Order of the Eastern Star will meet at 8 p. m. Thursday in the Masonic Hall. There will be an initiation ceremony, and all members are urged to be present.

The Alpha Zeta chapter of Beta Sigma Phi will meet at 7:15 p. m. Thursday at the Hope City Hall.

Every member is urged to attend this meeting.

Friday, June 16
The Melody Maids will meet Friday afternoon at 3 o'clock at the home of Mary Raines Lewis.

The Camellia Garden club will meet Friday morning at nine at the Girl Scout Hut at Fair Park.

Thursday, June 15
There will be a pledge meeting at 6:45 p. m. Thursday (tonight) at Hope City Hall. All pledges are asked to meet the rush chairman, Bettye Babb at that time.

Sunday, June 18
The Friday Music club will present Miss Betty Ann Benson in a piano concert Sunday afternoon June 18, at four o'clock at the Hope High School auditorium. She will be assisted by Mrs. B. C. Hyatt. Miss Benson is a June graduate of the music department of Henderson State Teachers college. There will be no admission and the public is cordially invited to attend.

Afternoon Tea
Held Wednesday at Little House
Members of the Girl Scout Community Committee entertained with a tea honoring Miss Mable Ethridge girl scout leader, Brownie Troop leaders, and committee members, at the Little House Wednesday afternoon.

Mrs. Oliver Adams greeted guests at the door, and introduced them to the receiving line which included the honorees.

The mantel was beautifully decorated with Shasta daisies and ivy.

Mrs. Harry Shiver, organization chairman announced four girl scout troops with 48 members, and two Brownie troops with 22 members. As this was the last meeting of the year, a report of standing committees were heard.

At the lovely tea table, Miss Ethridge presided at the frozen punch, and individual cakes were served by Mrs. Mack Stuart. As-

sisting in serving were Mrs. F. C. Crow, and Mrs. E. P. O'Neal.

Miss Norma Morrison
Honoree at Shower
The H. C. Kennedy home was the scene of a lovely bridal shower in honor of Miss Norma Morrison, bride-elect of Clifton Deas. Hostesses were Misses Pat and Sue Kennedy, and Miss Kelly Marlar.

Many artistic floral arrangements were at vantage points throughout the house.

The bride-elect was presented a corsage of gladioli by the hostesses and was the recipient of many lovely and useful gifts.

Games were enjoyed throughout the evening being directed by Miss Sue Kennedy. The hostesses served delightful refreshments to the following guests: the honoree, Mrs. E. L. Morrison, mother of the honoree, Mrs. G. W. Camp, Mrs. Bamber Fuller.

Mrs. Bill Marlar, Mrs. Carla McMunn, Mrs. J. H. Kennedy, Mrs. H. C. Kennedy, and Misses Allie Marlar, Emma Louise Down Sue Gilbert, Betty Mitchell, Joy Kennedy, Lois Whitten, Fern Cross Martha Gentry, Donna Jean Kennedy, and Minella Berry.

Miss Betty Levins
Aand James Boyette
Wed in Texarkana
Mr. and Mrs. Robert L. Levins of Washington, Ark. announce the marriage of their daughter, Betty Sue, to James Thomas Boyette, of Little Rock, son of Mr. and Mrs. Sam H. Boyette, also of Washington.

The single ring ceremony was solemnized at the home of the officiating minister, the Reverend Jack Guldge in Texarkana, at seven o'clock Saturday, June 3. The bride was becomingly attired in an afternoon dress of navy blue with white accessories. Her flowers were a corsage of pink rosebuds.

Following their wedding trip the couple will make their home in Little Rock where the bridegroom is employed.

Mrs. Boyette is a graduate of Washington High school, and attended Henderson State Teachers college. For the past two years she has taught in the schools at Thornton, Ark.

Mr. Boyette also graduated from Washington High school, received his degree at Henderson

State Teachers college following his service in the navy during World War II.

Coming and Going

Mrs. Scott DeLee and children of Dallas are guests of her parents Mr. and Mrs. Leo Robins.

Mr. and Mrs. Howard Byers have as houseguests Mrs. Jolly Byers of Denver, Colo.

Mr. and Mrs. J. W. Patterson, Jr. and Mr. and Mrs. J. W. Patterson, Sr. visited Mrs. George Sisael in DeQueen Wednesday.

Mrs. R. L. Byers has as guest, Mrs. E. H. Amnette of Nashville.

Mr. and Mrs. C. F. Reynerson left for Little Rock Thursday morning to attend the funeral of Mr. Reynerson's brother, Leland R. Reynerson.

Mrs. G. W. Lingo, Mrs. Wheelington, and Mrs. John Huckabee left today for Hazel Thurst, Miss. to attend the funeral of their brother, Walter C. Lewis.

Mrs. Dub Pinegar, and Mrs. James Boyette of Washington were visitors in Hope Thursday.

Making grindstones from sandstone quarried nearby is an important industry in Marietta, O.

Agree Buying Power Can Be Doubled

Washington, June 15 —(AP)—Three high-ranking senators agreed today with the committee for economic development that the buying power of the average American worker can be doubled in the next 30 years.

Senator O'Mahoney (D-Wyo.), chairman of the joint committee on the economic report, said prospects for reaching the objective are "more than good." Senator Taft (R-Ohio) and Flanders (R-Vt) were more cautious.

The CD is a businessman's planning agency with which Flanders formerly was affiliated. It issued its report on future income possibilities yesterday.

"The increase in real wages and standard of living proposed by CED is entirely within the range of possibility," Taft said, "but the policies which they propose to accomplish these purposes are so general they will not be very helpful to anyone who has to help run the government."

Flanders put it this way: "The CED report properly bases its main expectations on a gain in productivity per worker of 2 1-2 per cent a year. This involves primarily continuing on an increasing scale the investment of billions in new and improved industrial equipment, new methods and new products."

The three senators gave their opinions in separate interviews following the report's issuance by CED Chairman Marion B. Folsom, treasurer and director of the Eastman Kodak Co.

The report said that no double buying power in the next 30 years must be found to keep production per man-hour rising at the same average rate as in the past 50 years.

Eleanor Visiting

Copenhagen, Denmark, June 15 —(AP)—Mrs. Franklin D. Roosevelt arrived here today on her current tour of Scandinavia. She was welcomed by Mrs. Eugenie Anderson, the U. S. ambassador, and foreign

Minister Gustav Hasmussen. Accompanying Mrs. Roosevelt were her son, Elliott, and his two children.

Monthly Cramps

New - A Tested Way to Real Relief Without Pain-Deadening Drugs
Here's welcome news for thousands of girls and women. Recent research indicates that cramps and pain of menstruation may be often due to abnormal contractions of the uterus muscles. Tests show Cardul eases this kind of pain in many cases and in some cases actually does away with it entirely. Get Cardul and enjoy the wonderful new freedom from cramps. It may only be helping to establish a muscular action free from cramping contractions. Ask your dealer for Cardul today.

PENNEY'S

How SMOOTH can a ride be?

THAT'S a question well worth answering before you settle on your next automobile.

For what fun is there—what thrill—in a car that is prisoner to the city streets, slowed down by roads a Buick is built to take in stride?

So we'd like to show you just

how much smoothness your money can buy. How levelly you float over cobbles and car tracks—over rutty gravel and wavy black-top—in this stunning traveler.

The car will be any Buick you prefer—SPECIAL, SUPER, or ROADMASTER. You can name the place—pick a spot or a

stretch you know so that you can measure Buick's smoothness against your own experience—and we'll promise you a new sensation in riding comfort.

The time can be any time you want to arrange with your Buick dealer—who is ready to show with actual figures that "if you can afford a new car, you can afford a Buick."

See him, will you, and treat yourself to some real comfort?

Only Buick has Dynaflo[™] and with it goes:

HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New V-263 engine in SUPER models.) • NEW-PATTERN STYLING, with MULTI-GUARD forehead, taper-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube • WIDE ARRAY OF MODELS with Body by Fisher.

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

FOUR-WAY FOREFRONT

This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "lacking horns," (4) makes parking and garaging easier.

ened.			

Camden Edges Hope 3-1 in 9th Inning

Jimmie Albright singled in two runs in the top of the ninth inning to give Camden a tight 3-1 margin over the Hope Legionnaires in a brilliant pitcher duel between Hope's Denville Ross and Camden's Dickie Thompson last night at Legion Field in a South League game that pulled the two teams into a tie for third place.

Thompson hurled magnificently all the way and gave up the only run charged against him in the first frame. Cary Anderson led off with a grounder ball smash through the box and into center-field for a single. Ridling sacrificed him to second and Gilson Ross poked a blooper double into short right field to drive in Anderson.

The win pulled Camden up into a third place tie with Hope in the Southwest League standings. Hope's heart-breaking loss made it a clean sweep for Camden of the two game series. Hope meets Springfield, La. at Legion Field at 8:30 this Friday night.

Election Is Ordered in Malvern Plant

Washington, June 15 —(P)—The national labor relations board has ordered collective bargaining elections for mill and mine employees of the Magnet Cove Barium corporation of Malvern, Ark.

Two unions are involved. United Steel Workers of America (CIO) seeks to represent employees in both the mill at Malvern and the mine at Magnet Cove, 12 miles distant. It would form separate units for each facility.

International Chemical Workers (AFL) seeks to represent a unit confined to mill employees. The corporation says if a unit is established it should represent both mill and mine employees.

The NLRB said workers would vote on which union — if either — they wanted to represent them. Until results are known the board said it would make no final ruling.

S—Kilbeth, Ridling. BB—Thompson 2, Ross 7. CO—Thompson 10, Ross 7. RBI—Shamblay, Albright 2. G. Ross. DP—G. Ross to R. White. Winner—Thompson (1-1). Loser—Ross (3-1). Time—2:00. U—Russell and Ramsey.

Osceola Just Past 5000 Population

Osceola, June 15 (P)—Osceola now in the class of cities with 5,000 population or more.

District census supervisor Rupert L. Blalock of Jonesboro has announced that the city's population on April 1 was 5,005, an increase of 1,779 over the 1940 figures.

Much of the increase could be attributed to the recent annexation of several residential areas into the city.

Ancient Egyptians built temples in honor of cats.

The corporation produces barite sulphates, used in oil field drilling.

Bushman Is Improving Steadily

Chicago, June 15.—(AP)—Bushman, the gorgeous hunk of gorilla, is steadily improving.

The report on the ailing, 500-pound, 22-year-old pride of Chicago's Lincoln park zoo came today from Bushman's keeper, Eddie Robinson.

Bushman fell sick June 8, of heart disease, arthritis, and ad-

Single Probe Commission Suggested

Washington, June 15 (AP)—Senators Elbert Thomas (D-Utah) and Charles McNary (R-Ind.) proposed in the senate today that congress set up a seven-member commission to make all investigations.

The proposal was viewed as a direct outgrowth of the controversy over the senate's inquiry into

vanced age.

Robinson said today "Bushman keeps moving around a lot more now. He has a favorite runway up in the rear of his cage. He's been going up there today for catnaps."

Last night Bushman licked his chops and did away with the following snack:

Two bananas, six large boiled potatoes, two pieces of watermelon, one and a half large boiled sweet potatoes, half a pound of cherries, 10 slices of raisin bread. Two plums, two big bunches of grapes, two large apples, one and a half heads of lettuce, and two guavas.

So far no one has been able to approach the animal to treat it or even to diagnose positively its ailment. A swipe of its mighty paw, even in its weakened condition, might kill a man.

Communists in government charges.

Thomas and McNary suggested that the commission be composed of two senators, two representatives and three public members.

Under the proposed rules of appointment they laid down, the President would select a panel of private individuals from which the three public members would be named. The congressional representatives would be split evenly between the two major parties, but two of the three public members could represent one party.

Thomas said in a speech prepared for the senate that he does not join in criticism of a senate foreign relations subcommittee, headed by Senator Tydings (D-Md.). This group is investigating communist charges made by Senator McCarthy (R-Wis.). Thomas is a member of the full foreign relations committee.

He said, however, that inquiries "embodying the grave nature of the Tydings investigation should be conducted with complete disregard for personal and party prejudice."

Ives said in a statement that the appointment of public members who were "not presently active in the political arena would minimize those excesses which sometimes come with potential political motivation."

Should a rainstorm give your shoes a drenching, dry them at room temperature—never near a radiator or fire!

Drownings Reported at Vets Haven

Malvern, June 15 (AP)—The Hot Spring county sheriff's office received a report that Fred Manasco, manager of Vets Haven on Lake Catherine, and Mrs. Albert Miller, an employee, drowned early today.

Mrs. Arlin Jones wife of Sheriff Arlin Jones, said that a deputy had been sent to the scene, about 15 miles northwest of here on Lake Catherine, but that details are not known.

She said it was reported that the bodies had not been recovered shortly before 10 a. m.

Vets Haven in Lake Catherine state park was developed by the Young Democratic clubs of Arkansas as a memorial to the dead of all wars.

Manasco, former resident of El Dorado, was Arkansas commander of the Veterans of Foreign Wars in 1939 and 1940. He lived in Little Rock from 1945 until he was appointed manager of Vets Haven in 1948.

One of the most unusual and difficult assignments ever given U. S. Marines was to transport several lions from Addis Ababa, Ethiopia, to the sea coast. The lions were to be presented to President Theodore Roosevelt as a gift from Emperor Menelik.
